Helpful Hints for Party Planning

FOOD QUANTITIES

The time of day and purpose of the occasion will influence the quantity of food you will need. If you are serving light snacks or refreshments during or near meal times, you will typically need a larger quantity than between meal periods. The quantities planned for per person events are average size portions. We can help you determine the appropriate amounts for your group.

Pick-Ups

The most economical way to host a party is to pick up the food and set it up yourself. Orders can be picked up at our catering kitchen. We can help you with transport and loading – i.e., loading a car, etc. If you will need assistance, it's helpful to ask at the time the order is placed.

EQUIPMENT AND LOCATIONS

All orders are packed in disposable containers. Appropriate serving utensils and disposables will be included.

We can deliver your order to any campus location for an additional \$25.00.

ALLERGEN INFORMATION

Please notify catering staff if you have any food allergies or ingredient questions. We rely on our vendors' allergy warnings and ingredient listings. Because ingredient substitutions, recipe revision as well as cross-contact with allergens are possible we cannot guarantee any food item will be completely free of allergens.
