21st Century Scholars Program

21ST CENTURY SCHOLARS CHECKLIST

The 21st Century Scholar Program was created in 1990 to ensure that all Indiana students can have access to a college education. Income-eligible seventh and eighth graders make a pledge of good citizenship and promise to attend an Indiana college or university in exchange for up to four years of tuition assistance. The program promotes academic success at the middle and high school level while encouraging students to avoid negative social behaviors and complete a college degree.

As a 21st Century Scholar, you can expect assistance both in gaining access to college and in completing your degree on-time. For a full list of 21st Century Scholars requirements and resources, please visit www.in.gov/21stcenturyscholars.
