

MATHEMATICS PLACEMENT TESTING: INTERPRETING YOUR RESULTS

For students **REQUIRED** to take the math placement test, use the below chart to interpret the course recommendation based on the placement test score.

Math test score	Course recommendation	Noncourse equivalency in MUHUB (not credit, allows registration)
0-5	Consult Dr. Matthew DeLong (x6477)	
6-12	MAT-090	MAT-090P
13-25	MAT-095	MAT-095P
<p>Students scoring in the ranges above (0-25) must complete the required developmental course(s) before taking one of the below general education courses. The developmental course should be taken in the first semester and a grade of C or above is required to continue. Students scoring in the ranges below (26+) may choose one from the following courses as deemed appropriate by your discipline (major), background, or interest. Your advisor will guide you in this decision.</p>		
26-45	Options, may vary based on major: BIO-205 BUS-205 CST-150 MAT-115 MAT-130 MAT-145 PHL-150 PSY-205 SOC-205	MAT-GENP
46-53	Any of the above options, <u>except</u> MAT-145 Additional options: MAT-215	MAT-GENP MAT-215P
54-61	Any of the above options, <u>except</u> MAT-145, MAT-215 Additional options: MAT-230	MAT-GENP MAT-230P

ATTENTION ADVISORS: If there is a question about a student's placement, consult with Dr. DeLong (x6477) **BEFORE** making any changes or substitutions. Dr. DeLong will evaluate the request and indicate whether another placement would be advisable.
