11 February 2020

Ascension St. Vincent
250 W 86th Street
Indianapolis, IN 46260

To Whom It May Concern:

Please accept this letter as application for the Nurse Residency program at Ascension St. Vincent. Currently, I am a Marian University nursing student, anticipating graduation in May of 2020 and am looking to expand my knowledge and skill set in the field of nursing in a faith-based healthcare organization. After learning more about Ascension St. Vincent through my onsite clinical rotation and through Marian University's Nursing Roundtables Event, I am eager to pursue a career dedicated to spiritually centered, holistic care. My leadership and service-oriented co-curricular experiences have expanded my understanding of compassion and inspired me to devote my future to care for the most vulnerable.

During my time as a student leader at Marian University, I have acquired organizational and time management skills which I believe would be greatly beneficial to this position. My work as president of a student-led club consists of planning and collaborating with other student leaders to meet deadlines and carry out events on campus and in the local community. As a student mentor through the Missionary Disciples Institute at Marian, I have demonstrated extensive responsibility and excellent communication skills, and have gained experience in working with individuals from various backgrounds with a faith-based perspective. I have completed tasks assigned to me with strong attention to detail and professionalism, skills essential for a Registered Nurse.

My previous leadership and service experience, along with my devotion to compassion, professionalism, and detail-orientation makes me a strong candidate for Ascension St. Vincent's Nursing Grad Resident position. I am thrilled to have the opportunity to learn more about Ascension St. Vincent. Should you have any questions, please feel free to contact me. I appreciate your time and consideration.

Sincerely,

Your Name
